YXT TWO-STAGE AIR CONDITIONERS

When performance matters

Since 1874, we've provided air quality solutions for some of the most complex structures in the world. Today, we take pride in knowing YORK® home comfort systems are keeping our friends and neighbors comfortable in homes across the country. And since YORK® air conditioners are designed, engineered, and assembled in the United States, you can be confident that any YORK® air conditioner you buy will provide your family with comfort, energy savings, and lasting performance for years to come.

Flexible and efficient: YORK® Affinity™ Series YXT Air Conditioners

EFFICIENT COMFORT

- **Communicating capable** with our Wi-Fi®-enabled Affinity™ Hx™3 touchscreen thermostat for complete system control.
- **Two-stage compressor** provides superior temperature and humidity control.
- **Zoning system** capable for optimal home comfort in every room.

SYSTEM FLEXIBILITY

- **Multiple control options** give you the flexibility to use either a conventional thermostat or our Wi-Fi®-enabled Affinity™ Hx™3 touchscreen thermostat for communicating capability.
- **Zoning flexibility** means it can be deployed with conventional zoning or the Hx™3 communicating zoning system.
- **Dual-fuel capability** means you can pair the pump with a residential gas furnace for a hybrid comfort system that optimizes heating capacity and/or efficiency.

TRUSTED QUALITY

- **Unmatched warranties** include a one-year Labor Limited Warranty, Lifetime Compressor Limited Warranty and 10-year Parts Limited Warranty on registered outdoor units.
- **ENERGY STAR®** certified performance means greater energy efficiency.

Whole home comfort

Our new Hx™3 Communicating Zoning System is the ideal solution for the smart, sophisticated home. It's designed to simplify life, enhance energy efficiency, and deliver convenient comfort and control when paired with any of our 19 SEER Two-Stage Air Conditioners or Heat Pumps. The Hx™3 Communicating Zoning System delivers convenient comfort control with up to eight zones of custom comfort, flexible damper timing, no bypass dampers, and remote monitoring for easy setup and maintenance.
